Back To Nature, Magazine.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression

will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Ildjarn's album "Strength And Anger" in it's entirety. Currently at track 4.

EDIT: And just in case you're wondering about song names, first fifteen tracks are "Strength And Anger Part XX" where XX is number of the track.

Now I'm at fifth track.

Horror by "The Day Everything Became Nothing."

The language of *Draugaborg* is *Draugskur*. The demonym is *Draugaborgskúr*(male) or *Draugaborgskö* (female), both plural and singular. The adjective is *Draugaborgar*. *Draugskur* is a constructed and artistic language created by me, and is based mainly on Icelandic and Russian. Please note that its systems and grammar may be modified, so certain posts will be rendered void in retrospect.

Sounds a little too close to something I've never cared about, but it's not bad though, and it's definitely got something going for it.
