Depends on the content of the book; typically, reading 'A Clockwork Orange' or 'Catcher in the Rye' is going to get you expelled at worst. Importing the Qu'ran or any other non-Christian religious texts is guaranteed imprisonment for you, however.

The Knights of Mare Nostrum are an order formed in 1189 centered around islands in the Mediterranean after the Knights Hospitaller and Templar merged, along with the integration of other knightly orders through history, and now serve a role as a militarized wing of the Papacy which utilises what is essentially hyper-militaristic canon law.

Re: Shooting a police dog

Not necessarily a crime, if done so in valid self-defense.

If done so out of inattention or recklessness, charged with unwarranted killing of livestock and fined 5x the cost of the dog and its training.

If done so out of wanton disregard, charged with tortuous killing of livestock, fined 5x the cost of the dog and its training and made to give a public apology under pain of imprisonment.

If done so out of malicious intent, charged with misdemeanor killing of livestock, fined 5x the cost of the dog and its training and caned in public up to 20 blows and a permanent citation in one's record

If done so incidental to the commission of an actual crime, charged with unlawful (criminal or felonious) killing of livestock and fined 5x the cost of the dog and its training. Caned up to 20 times in a public forum. And the possibility of up to 1 year hard labor.

Killing a neighbor's pet for no reason

Fined 5x the cost of replacing the pet to be given to victim. Made to give a/n (legally acceptable) apology under pain of imprisonment. Caned up to 20 blows (typical is 1 to 5) in a public forum closest to commission of crime. Citation put in permanent record. Possibility of up to one year in a penitentiary.
