They need to go back to the good old days, where there wasn't P2TM and all non-NS RP was stuck in F7, that'll make that shit active again because if they aren't, their precious RPs will be deleted.

Yeah, I feel like II's actually been a lot higher quality lately than it was a few years ago (especially now that the 4-letter alliances have mostly died down and middle schools are reopening). I'm in four different quality FT RPs right now - back in 2016 I'd have trouble finding one.

Sure the schools are reopening, just in time for schools in the US and Canada to be either out for summer already, or a couple weeks off being out for summer. But well, year round NS summer is still pretty close to being done.

calling this is a cliché is a bit silly when we do see a number of irl leaders being chosen for excellent leadership records
the leader is *meant* to be the cream of the crop in the respective fields that lead to their selection as leader, to some degree, and if it's done in the sort of nation where that thing would reasonably lead to political advancement then it shouldn't come as a surprise.

I don't think this was a specific personal attack against you. What came to my mind was the dude who got reported for trolling in the Israel-Palestine thread for referring to Muslims as "Mohammedans" and "Saracens" and then came to the report thread to state his reasoning being "I don't want to use an Arabic word when speaking English."

My post was actually about this thread in general, not any specific post in particular despite quoting one example of it (which stands as an example regardless of who it was aimed at), a trend I have observed and has only increased over time.

not enough people do retro aesthetics. The only one I know of is **Frisco Commonwealth**, who went for a retro anime style while I went for something more akin to Wargames.

"Mary Sue" is a meaningless word for "thing I don't like" at this point tbqh, the definition's been so broadened it's diluted into a word used for nothing but faux intellectualism

True, it lost its original meaning (someone who has pretty much *no flaws*) and is now just "I DONT LIKE YOU, YOU'RE A MARY SUE!"

This especially happens in roleplays

I see, hmmmmmm...

Well, I TRY not to fall into that hole, but I do know that I occasionally put some of my RL ideals, values and even personality into NS leaders every now and again, I guess.

I would say that indeed, it is a NS Cliche
