I mean, I wouldn't be against it

Northern Dosletofe: Also known as "Disshërländ", is a wealthy Northern European country situated on the southern part of the "Svalbard" archipelago. Noted for its high quality of living, wages, the country also boasts a very complex digital and educational infrastructure and is the one of the few nations to have its own digital currency and to recognize AI's as residents. "Equality and respect" are the basis of the country's smart and healthy populace, symbolic of the country's National Animal and emblem, the "Arctic Swan".

Honestly, I wouldn't mind it too much. In my opinion, the problem with furies is that they pretend to be animals when they're not, actual anthropomorphic animals wouldn't be necessarily so much of a major deterrent as most people on Forum 7 say it would be.

Probably not, as there's only dogs in their nation and my existence as the only human there would be both awkward and lonely.
