Sleepy Eyes Of Death-Final Heart Beats Black.

This kind of makes me think of Fuck Buttons music, in a way. Overall, no, but the fact it has a very heavily electronic sound but still has a Post-Rock feel to it.

[Her Name Is Calla-Condor And River](#)

Picking off some random EP's/short albums from artists I need to go through, for some more variety then just listening through all of Hammock's massively long albums.

Edit: Okay....this song is fantastic. That is all.
