VH0120N001141XQ has a distant, not-entirely-blood-related second cousin named Elon Musk, who may or may not have proposed the idea to name VH0120N001141XQ VH0120N001141XQ.

Is that a name or a product barcode?

This nation does NOT reflect my beliefs, I just wanted to make an evil nation for fun

Hold on what evil things are you implying YN is doing?

I used to be **Stella Nera** ! Humans need to band together to suppress the robots and keep these metal objects in their place, as sub servants of humanity, in order to boost the human cause and achieve our utopia! I'm not anti robot I'm anti robot rights, big difference.

The Empire that does but blood is the **Empire of Ignis Ferreus**, the only greatness is our greatness!

I'm still working on my flag the current one is a draft. **I HATE communism with a passion.**

I made the modern internet exist in the 1970s

This has made a lot of people very angry and been widely regarded as a bad move.

Daughter nation of [The Unified Provinces of Rhanukhan](#), originally created during the course of roleplay events back in 2008 (a "live" summarised replay [is currently unfolding here](#)). The accounts relating to it in Rhanukhan's own factbooks are deliberately vague as the people of Rhanukhan are unaware of many details regarding the island. As such I've established it as a separate nation in order to provide greater insight through its own factbooks.
