Fishing trips, hard way's the best

The idea of fishing trips and the song involving dads gave me great childhood flashbacks until I realized I never met my dad, I live in a landlocked state and I've done so many drugs I keep hallucinating that I own a computer to play NationStates on. Goddamn it, now I have to write this message quickly before it goes back to being a broken TV.

The three stars next to the colored text looks nice, but to be historically accurate you oooooobviously should have fifty of those under it with ten stars for every row, and then thirteen huge black bars under that to represent our thirteen colonies. Only kidding, the whole signature looks very organized and the text is my favorite thing because it adds a bit of flair with your national colors where that may be needed.
