[Megadeth - Killing Is My Business... And Business Is Good!](#)

What rating would you give for *A Divine Proclamation of Finishing the Present Existence*?

[Last Days of Humanity - A Divine Proclamation of Finishing the Present Existence](#)

5/5. One time I tried listening to it with hangover... I didn't last long...

Megadeth - These Boots (censored)

Do you have any goregrind recommendations? I am not knowledgeable about the genre, but I find the brutality of the music soothing for some reason.

1833 AD - End of Time

This black metal from India is pretty good.

[Last Days of Humanity - A Divine Proclamation of Finishing the Present Existence](#)

[Torsofuck](#) is #1

Their album Erotic Diarrhea Fantasy is actually on my top10 albums list.

Last Days of Humanity is really really close 2nd.

[Satan's Revenge on Mankind](#) is also good one. [Cemetery Rapist](#) and [Meathook Delaceration](#) are some other ones. Borderline porngrind/grindcore.

Gotta say though, I need to check far more goregrind. Those bands I just listed are basically all I know.

[Vomit Erection - Warm Diarrhoea Blasts On My Face](#)

Gore/porngrind in nutshell.

Fuck Buttons - Hidden XS

Starting to like this LP more and more.. have yet to add it to my actual library though.

Sepultura - *Beneath The Remains*

“ CVT Temp wrote:

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
