Hello there. I'm **Simonia**, your average leporine TG-loving F7er. Our nation has twenty-one provinces, four regions, and four capitals. And before you ask, Pink Castle City is called that for its pink castle, Pink Castle City's main building.

You all thought it exist as a human being doing all your life
the other supposed to be a being. But I do not. I do not
exist. I've abolished the idea of just to be here. How many have
and individuals believe that I could simply exist in this
world. In this life at all? The fault lies with your muddy
systems. your logic of 2+2=4. The fault lies with your NS
caught in the net of syllogisms. So if I want to abolish it is
reality. For science and the Marx with it. For we are all
be part of it.

Also AN's wrong. Ignore the above text, it's nothing. Let's just assume nothing happened and continue on, m'kay?

BN's Simonia?

I just wanted to state that i'm **NOT** a communist, nor a socialist. I just want to experiment with this country.

Also, I need some rest, so I'm less active on NationStates. Feel free to telegram me though!
