Incredibly well-known, to the point of basically being a celebrity both in and out of F7. Out of F7, they're well appreciated and mostly recognized for their indexes of information which people quite enjoy participating and adding to. In F7, they're one of the group of ubiquitous topic regulars who you can reliably know will always be in every thread, giving everyone their pleasant company and making great posts.

"We won't be taxing, bureaucratic hypocrites forever!"

We're fighting a costly, not at all drawn-out war against the Roman cosplaying enslaving scumbags known as Caligulas Legion! Suck it and die from your 'headaches', you bald b*stard.

Are you aggressively coked-out? Do you join regions for no reason? Do you like copious amounts of drugs, eating Mexican food from taco trucks and the searing hot desert sun? Join Calexico and Mexicali then, moron.

Do you too wish to patrol the Senora, almost making you wish for a nuclear winter? If so, consider joining our Embassy Program

Definitely well known in F-7 and I think their nation would make it's way out of just being known in F-7 due to their lore being a interesting one and well liked.

Free Jeililand is a strong, patriotic society of settlers exiled from a failed state that didn't respect the citizen's right to refuse to participate in a chaotic, uncontrolled, and vile society.

That's why the federal police force control everything instead of the government. How orderly and well kept!

They're acquired a slight degree of well-knownness and awareness, despite only being alive for less than a month. Therefore, I'd say they're at least a little known.

They were in my group at BoF 78, and CTED during said BoF. This is the first time I've seen them since then, so... not that well-known?

May have been seen a few times here and there before. I swear they had been around a long while back, and there's some resemblance of post history on F7 years back.

Either way, climbing up there, maybe will be more well-known down the line.

They're known to most people who have been on F7 for a couple of years, but they're not exactly a superstar.

I'd say the same for them. I've seen them a couple of years ago, their name and flag is quite familiar. But they are not much of a superstar either. Fairly known.

What they've just said could go for themselves. They're almost entirely on F7, and there they're quite well-known by most, although there will certainly be even some seasoned users who are caught off guard by their surprise appearance.
