Among them is Phillip "Fighting Phil" Paddock, the Chairman of the Senate Intelligence Committee, who at 98 is the eldest member of the current Senate. President Hinterland issued a short statement of support, joined by Her Majesty the Queen, as the government has executed a number of orders to prioritize the search for the Senators.

If men were angels, no government would be necessary. If angels were to govern men, neither external nor internal controls on government would be necessary. In framing a government which is to be administered by men over men, the great difficulty lies in this: you must first enable the government to control the governed; and the next place, oblige it to control itself.
