No factbooks... Based on the stats alone, that's a no from me. I'd rather live in a nation that has civil rights.

I know nothing about them, but probably not.

We do not use NS Stats, policies, or otherwise. Please only judge us by what is in our factbooks.

An alternate history version of China in which the alliance between the Kuomintang and the Communist Party never broke down, eventually resulting in a federalized, democratic China. Though one of the world's strongest economies and an emerging superpower, China continues to suffer from high rates of income inequality, an overreaching and sometimes corrupt government, and cultural issues that continue to persist despite the efforts of many reformers over the decades. Most factbooks are still an active WIP.
