One week on a work gang. (Think community service except with armed guards and longer hours.)

Being the head an evil corporation that attempted to melt the ice caps for some reason; before being foiled and captured by a tuxedo wearing super spy.

My travels take me many places, from the scorching sands to the cold, dark vacuum of space. But I always return to my friends and family at The Pub.

5th degree Kidnapping is a tort, 4th Degree Kidnapping is a Misdemeanor, 3rd Degree Kidnapping is a Crime, 2nd Degree Kidnapping is a Felony, and 1st degree Kidnapping is a capital offense.

As a crime or higher, the perpetrator can get anywhere from:

1 year hard labor per incident per person (he was doing something stupid without realizing the ramifications of his actions -- possibly served concurrently) to

death by hanging (he knew what he was doing, knew it deserves the death penalty, and due to the passion of the moment did it anyway; and shows remorse) or

death by lethal injection (he knew what he was doing, knew it deserves the death penalty, and just did it to spite others, or the system, or himself; or shows no remorse).

Being an evil super-genius who continuously (at least once a year for several years) creates devices that shows the people just how dangerous the leader's (administration's or government's) policies actually are? So far no one has been killed but the treasury has been noticeably depleted fixing the bad policies each time it happens.
