The imperator is very overpowered, but the concept is something I find to be rather unique in certain aspects.

The "War Hawks Party" has one more seat than they should have in the nation's House.

Kabzeel, meaning "God's Gathering" in hebrew, is a *federal, dominant-party, socialist(non-marxist)constitutional monarchy* with a rich Jewish heritage dating back to it's creation in 845 CE. Today, it spans almost the entirety of Eastern Europe and is the largest predominately Jewish and female-led state in the world as it follows the doctrine of "*Royal Socialism*", a paternalistic conservative ideology with an emphasis on socialization, social ownership, and conservative feminism. Its relationship with Israel is noticeably rocky, but this is due to the

ongoing complications between Kabzeelian and Israeli Zionism.

Many frown on Christianity, seeing it as abridging people's rights. Additionally, election of the President requires more than 50% of the vote to win an election.
