Kanye West - Blood On The Leaves

Hands down the best song on Yeezus.

“ **Corrian wrote:**

He's probably rolling his eyes right now at Robin Thicke

I hope somebody asks him about Robin Thicke in an interview and records it...DMX's rants are priceless. ☐

“

I kinda feel it too. Not to say I'm not happy, but I wouldn't consider myself super happy or anything. Going to visit family will help, most likely. But to be completely honest, I never exactly consider myself as "happy". I got a dumb fortune cookie the other day that said "Your happy mood will make someones day" or something like that, and I'm just sittin' here going "Yeah, I may not be this unhappy person, but I don't exactly consider myself to be this vibrant happy guy who is going to somehow make others better with my "Happy mood"". That's just not how I am.

Same, and quite honestly I don't *want* to be one of those super happy people, because a lot of the time they're obnoxious about it. I just want peace of mind, a peaceful environment; I value that much more than being this super happy person thinking about rainbows and gumdrops all day. ☐

“

Speaking of that...Some house that is very important to my family, that I remember being to countless times even though I haven't been there since before like turning freaking 10, that is being sold ☐. That house has many generations of Easter get-together's at it and whatnot...Kinda sucks.

That sucks. ☐

Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.

Kanye West - Blood On The Leaves

"We could've been somebodyeeeeeeh!"

- Can't get that out of my head. It just sounds so awesome with the auto-tune. ☐

I don't mind auto-tune when it's used as an instrument and not a crutch.
