Wishbone - Clutch

*In the morning the weathercock was heard asking what we had learned of the Earth.  
"Is it a round place with deserts and oceans, housing as many winds as one might wish?"  
We were standing by the gate.  
He said, "Oh my, it's getting late!"  
Then he took off flying to the south with a black snake in his mouth.*

"Never be deceived that the rich will permit you to vote away their wealth." - Lucy Parsons

**Socialism** is an economic system characterised by social ownership of the means of production and co-operative management of the economy. "Social ownership" may refer to cooperative enterprises, common ownership, state ownership, citizen ownership of equity, or any combination of these. There are many varieties of socialism and there is no single definition encapsulating all of them. They differ in the type of social ownership they advocate, the degree to which they rely on markets or planning, how management is to be organised within productive institutions, and the role of the state in constructing socialism.
