Pretty good, they have been around for relatively longer than most, and their Factbooks also do enhanced that rep.

Never seen them before either

I'd say this nation is about 85-90% representative to my beliefs. About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

They're very recent. But I've seen em around F7 a bit though. So, contemporarily, fairly well known.

Seen them a few times already in F7 very recently, so fairly well-known, I'd assume.
