The free Territory of Kekistan Revolts against the government and overthrows them. The MBTH, seeing this happen, sends 250,000 of its troops to The free Territory of Kekistan, using these troops; Kekistan manages to take over northern Iran, including the former capital of Kekstantinople.

The Mongol Empire fire bombs and fire-nukes the Kekistani revolters and reconquers their occupied lands.

Meanwhile the remaining governments of the world (mostly centred in the Americas and South Africa (the country, as well as Eswatini, Lesotho and Botswana), begin a campaign of fire nuking the Mongol Empire, the Mongol Empire retaliates by nuking the created "World Federation" and an ensuing war begins between the two factions.

Seeing their mistake and that the Mongols are still at large, Simplempire joins the World Federation as the Republic of Iran and the Republic of Bahrain.

Iraq forms the Second Empire of Iraq, annexing Kuwait, Turkey, Syria, Lebanon, Palestine, Egypt, Sudan, Saudi Arabia, Yemen, Oman, Qatar and the UAE, then immediately becomes neutral so it's illegal to attack it.

The MBTH joins the World Federation to fight against the Mongols, for now they're surrounded by the Mongols in central africa

But Iraq was a part of the Mongol empire, so the Mongols try to reconquer the region again
