we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

[This](#) ☐ I find this sing a very good chill song and sung well for the  
actors singing it. It's a pretty simple song, acoustically and singing-  
wise, but it's just a great song for me to chill out to, and I love that  
kind of music. But it's weird, because there are a ton of songs I like  
much more then that song, but listen to less then that song \*shrug\*.  
Kind of like the movie itself actually...

I guess the song I posted above. Otherwise I haven't been listening  
to anything because I've been watching a movie.
