A small corner of the world in 1872. Set in the world of the video game *80 Days*, with supernatural beings mixed in. Several factbooks need to be redone.

I'm socially awkward sometimes, and bad at keeping up with things due to life's hecticness, so I might not always be the best at roleplays etc.

The Times: Englishman Phileas Fogg departs London, having bet £20,000 that he can circumnavigate the globe in 80 days.

Local News: Karl Marx visits Sitka, is "impressed".

Lost Horizon - The Kingdom of My Will

*To the kingdom of my will
From dungeons of emotions
Wisdom's voice is guiding me
Leads me through all tortures
Cross the life's unflagging sea
Through air I fly on thunder
Gift of force is meant for me
Refills the chambers of my heart*

This nation is (or will be when it's less WIP) just a mix of everything. I'll keep it open so I don't carry on creating new nations forever.
