"Birds and children's kites are regularly brought down by anti-aircraft fire" and "friendly fire incidents usually result in severe burns"

Don't use NS stats except for changes in economics, political freedoms, or civil rights which may eventually make their way into written canon if I get tired of worldbuilding.

“YL notices the King and Queen watching the members of Parliament argue about the current riots of the Flammenwerfer Uprising. They are drinking coffee and eating popcorn...oh, and did I mention that the King is shirtless? He's 45 and doughy, which makes it even more awkward, while the Queen is in pajamas. Her hair is touseled. The two of them are laughing and making fun of the legislators like they're watching a Shakespearean comedy.
