Amon Amarth is Melodic Death, not black.

Amon Tobin-Sultan Drops

I've made a lot of progress on Amon Tobin today...and quickly removing a bunch of stuff I didn't really want to listen to. Think I'm almost at 5 albums today.

Not at all. I suggest you try Little Dead Bertha to see the result of merging death and black, of which Angel & Pain is actually Symphonic Melodic Death/Black Metal .

I meant in the sense that maybe I'll like it more once I get used to those genres. Not that those genres are the same. Both death and black I haven't really gotten used to yet.

Christopher Young's orchestral theme from the movie Hellraiser. Excellent film, excellent brooding music.
