The "ew anime" thing hurt my fee fees, time to report South Relinkalikazakhstan

Jokes aside, has anyone gotten a ridiculous report before, I got reported on by telling one guy in the Ukraine thread that they're a doomer and to calm down (both seperate messages) who said they were trolling and the mods just straight up ignored it lol

Even if you're using it as part of a phrase, please don't refer to me as 'man', thanks.

Anyways IDK if this even counts as a cliché, but I don't get why the NS staff don't just admit that season 3 of the trading card minigame is extremely unlikely to happen.

I mean I feel that probably everyone outside of the trading card community on this site (and I wouldn't be surprised if many of them are the same way) knows that there'll probably never be a S3, so just come out and say it. There'll definitely be some disappointed people, but just make an announcement in the trading card subforum that explains that the development team are all volunteers with real world jobs and obligations who only do dev work for this game during their spare time and they're all more focused on slowing developing actual new features and updates to the site rather than an update to the April Fools' minigame from 2018.

Yeah so anyways since this is actually relevant to the topic fuckin *Hataria* showed up today on the NationStates subreddit.

It's been nine years since that dude got permabanned from here and he *still* thinks that he was permabanned for no reason other than 'the NS mods and admins are cruel cyberbullies' and they'll send out their army of trolls to try and silence him and ruin his reputation whenever he tries to spread the 'truth' of how NS is just a haven for cyberbullying and trolling.

Dude seriously accused *me* of being one of those mean cyberbullying NationStates mods after I explained to another user why they shouldn't feel sorry for Hataria's situation.

The guy is in his mid-30s and he's been harboring this grudge against the 'cyberbullies' of NationStates for almost a goddamn decade.

I want everyone to know that Hataria showed up to the thread again to fuckin accuse me and one other person of being goddamn *paid Russian trolls* lmao.

I normally wouldn't post an 'update' like this here in this thread but it's just so goddamn bizarre.

And considering that this dude has been going on about how NationStates sends cyberbullies and trolls to harass him for nearly 10 years now, I'm pretty confident that this dude wasn't joking about the accusations.

You know, for a while I thought back to how I treated Hataria/Ryou Black Islands and thought I might have been too much of an asshole to him, especially considering how poorly adjusted I was as a teenager. I looked up this thread, as well as his associated activity since then (at least what he posts publicly) and I can happily say that no, I was definitely not going overboard when I would shitpost on his petitions to "bring nationstates to justice."

Have we mentioned people who write leaders with “sketchy” morales and yet morales are mostly bad, and then there are those half-assed justifications. (e.g., ‘leader massacred a town of rebel sympathizers but those people attack him first’ or ‘my communist leader initiated a purge of the bourgeoisie because, those people collectively, are responsible for lower class suffering’).

Mixing elements of Pahlavi Iran and North Korea together; like both South Korea and Japan, the Imperial State does not have laws that protect nor recognize LGBTQ+.
