Suddenly, a squad of government agents wearing **KENNETH BRANAGH** masks broke into the shooting range and fatally shot him.

As it turned out, one of the shots fired at 3720 that missed ended up hitting a conveniently-placed gas pipe, which then resulted in a dangerous gas leak...

Monkey 3713 was a bystander who happened to be standing a few meters away from the firing range in which Monkeys 3720 though 3714, excluding 3719, died. He was struck and killed by pieces of concrete and shrapnel from the explosion.

Seeing the destruction, 3712 had a mental breakdown, found a gun in the wreckage, and shot himself
