Oh Iceland... I love your music.

You and I both. Discovered Bjork and Sigur Ros and now there's like 10 bands I like (Including Of Monsters and Men on some level, who are now the most popular Icelandic band ever I think, surpassing Bjork and Sigur Ros who were up there quite high)

Deftones - Pink Maggit

Have you heard of Ólafur Arnalds? Since Broadchurch, my family and I have been obsessed with him. And yes, Sigur Ros are amazing. Kinda mostly into it for the Jónsi, though!

I find it interesting how Jack White was in that band, apparently.

Haha thanks friend! Mural is one of my favorite songs on the album, it's a fantastic track. Lupe came back strong on t&y after what I saw as a mediocre performance on Lasers.

At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
