Monkey 1965, with his gang of rabid football fans, attempted to occupy Westminster Abbey. 27 monkeys, including 1967, were shot by Metropolitan Police. They all died, and London was in a temporary state of distress, as protests either supporting or opposing the gang of 27 became increasingly violent. It led to martial law being declared in the Greater London area for four months, and a further six months in Wales of all places.

Ignoring double-post attempt to claim multiple monkeys in one post.

Monkey 1959 got some earplugs to help it sleep but used them to plug its nose.

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!
