The vaporwave aesthetic and the use of a frickin' fighter plane on the flag gives me some dystopian Miami Vice vibes.

Usually would be the flag of tree-hugging good guys in an environmentalist cartoon, but it could also be the flag of a creepy cult.

My IC Character likes to collect titles, especially from foreign nations, if you would like to grant me one, you may do so here: <viewtopic.php?f=4&t=482842&Start=1>

Titles will be granted in return and your involvement is greatly appreciated, Thanks and may God bless you!

Only some NS Stats are canon for my nation, so better to assume they aren't rather than they are, thanks! :)

3/10, it's like they've collected a lot of flags inside their flag. Some ominous implications, particularly with that cannon, but they don't really come across as menacing. Just colorful and far reaching, like a sentai team made of states.

Space makes things look like they try to achieve technological perfection, which may have implications, but other than that not much, 2/10

Ninja'd

It reminds me much of a Japanese Daimyo, the dark coloration of the surrounding in comparison to the bold, Gold and white Flower in the centre implies that it may or may not have its citizens believing in a distorted reality

Generally it's kinda ominous, 6/10
