The Sith Empire is a force of dominance, an authoritarian state forged from militarism, slavery and the dark side of the Force. United under a single Empress, her Dark Council and by the Empire's Wrath, ruled by the Force-sensitive members of the Sith Order and supported by countless loyal citizens, the Empire forsakes the freedoms offered by the Republic in favor of strength and order. Aiming to take revenge on the Republic for its exile centuries ago, the Sith Empire will stop at nothing to become the greatest power in the galaxy.

This "nation" is based on [Majima Construction](#), a fictitious construction company from the Yakuza/Ryu Ga Gotoku franchise. The company harbors some shady secrets however, in both the games they come from, and all the original crackfic content I have planned for them. Of course, this means that this interpretation of Majima Construction will be drastically different from what you'll actually see in the games they come from.

We do not use NS stats for the most part, because they're meant for modern day nations, not corporations.

Trivia about this account

- It's flag is often compared to that of India

This is not the Galactic Empire. This is the Sith Empire from Star Wars: The Old Republic.

The island of the Galapagos and the main power of South America controlling the West of South America. Militaristic and authoritarian with a troubled past and an uncertain future with stability at an all time low due to a lost war and unpopular occupiers.
