Hyperpartisanship will be the downfall of civilized democratic society, it's already in progress as we speak, yet the people are too blinded by their hate to realize it.

As you can see, I am also a braindead piece of shit who can't do anything important and can't write lore at all whi abandons nations and leaves them to die out of pure fucking laziness, so please don't say that any post I make us remotely good at all.
