I see Kingdom of Jerusalem symbols, with fleur-de-Lys and Arab text, I got a very bad feeling about a once successful crusader state in the Middle East, with (obviously) a majority ethnic Arab majority, with some French descent (make sense as Crusades were mostly French and Normands , followed by English and the HRE (talking about those (crusade) in the Middle East)

Big strong Normand-arabs scary.

5/10. Its symbolism suggest the population probably experienced hard times during their industrialisation phase but things should be better now.

Giving this a 10/10. Looks like a dystopian society ruled by a harsh military dictatorship.

I can't really explain how I feel about it

Ōtomo and Ryuzōji is a small shogunate in Kyushu, during the age of Feudal Japan
