Roommate sends man a cake with a file in and man escapes from prison the night before his execution.

This nation reflects some of my RL views, but with everything taken to the extreme.

RL Political Compass: Economic Left/Right: -5.88; Social Libertarian/Authoritarian: 2.72

All Hail Emperor Pedro of Teletubieland!  
God save the King and his commie regime!

Democracy doesn't work. Nor does "Europe".

Guardians discover the cake. Police tracks where the cake had come from. Roommate dies in a special operation conducted by the best police team, in his own kitchen. Just before his death, he informs the man about the operation.

Man wears his gloves, reloads his pistol and looks with hatred in his eyes and says "It's showtime"
