isobe - i just want to be loved

This song is from a not very famous music artist, but by no means, does not mean poor quality. It was released on December 22, 2023. As a single, this song is in the jungle sub-genre. Quite relaxed modern jungle.

goreshit - austria

Well, it's time for some new music artists. Goreshit is a well-known British music artist who writes his music in such subgenres of electronic music as breakcore, speedcore, ambient, drum and bass. He is a pioneer in the subgenre of lolcore, which is characterized by heavily sampled vocals from anime combined with breakcore and has a lot of sound distortion.

What about this song in general. It was released on November 17, 2022. Which sub genre, more suited to breakcore than to speedcore or ambient, for simplicity, it's all a genre of electronic music. What I like about this song is that it's fun and relaxed, that's the magic of it.

Saarenmaa

A small unitary parliamentary republic, an ecological, progressive and democratic state located in Northern Europe, in the Baltic on the island of the same name.

goreshit - on the break train

Overall, this song is one of those songs that I have re-listened to many times.

This song goreshit was released in the album Nrrv5 on November 29, 2016. The genre of this song is probably jungle because it's too calm for breakcore or speedcore, idm, but heavier than ambient. What I like about this song is that it uses an unconventional theme - trains and the train horn became the main melody of this song.

[nedaj - code](#)

This is a jungle style song from the album Genesis, which was released on January 21, 2022. This song features a sample of Paramore - Decode. I like this song because it's bright and strong, a great reinterpretation of songs from the past decade.

goreshit - go ichi!

Now that's a song really in the style of Goreshit! In that sense, it is also one of my first and favorite songs by this artist.

In general, this song was released as part of the album Paranoia EP, which was released on December 1, 2010. The genre is still not jungle, there was a mistake, there are more subgenres, this song fits the subgenre: breaks, it's for reference a style of music that originated from electronic music, mainly in the UK, in the late 80s and early 90s. And the most basic element of it is the use of "break" or break in the rhythmic structure of the composition.

goreshit - mode 7

Hmmm, this is another one of my re-listened songs in general. So let's get started, this song was released as part of the album "nineties rave retrospective collection 1" on August 1, 2018. Genre: electronic music, sub-genre: breakcore. I especially like the rhythm in it, although it's quite common with goreshit, but here it's just great!

BLKSMITH - SR20DET

Let's start with who he is, BLKSMITH is an American producer from the USA, his real name is Ian Grzeszczak He writes 90's style rave music using elements of breakcore, atmospheric music and drum n bass. He gained popularity thanks to the track "SR20DET"

So, this song was originally released as a single on January 14, 2022, although it was part of the album "Sr20-Det - Single" which was released on August 4, 2020. Genre: electronic music, subgenre: breakcore, Classic so to speak modern pop breakcore.
