My country may seem memey at times, and that's fine. I like a mix of fun and serious. I also have to work with a nation I made when I was in *fourth grade*.

Fun, casual, nonsensical

funnee joke - will update once in a while

more useless info

how do you make these go to the right lol

Monkey 2441, horrified that Monkey 2442 was killed before he succumbed to Palindrome Syndrome, died of shock.

Monkey 2438 thought that antifreeze was the best drink ever...

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

*Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.*

Monkey 2437 was dumb enough to think there was a drinking challenge going on with the anti-freeze and foolishly attempted to consume even more than Monkey 2438.
