The music video is awesome. It's like, sci-fi Wild West music video with a bunch of other weird references in it.

Simple Things is their best album I think. You have to have a taste for this type of music though.

riddle of steel (part 2), Elder.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

I need to go to a live show sometime. Especially Mastodon. Browsing through their catalog this morning to send stuff to Corrian made me wonder how epic that would be.
