Reichstag demands schools and media 'promote traditional German cuisine' as Nutrition Report shows fewer Germans are regularly eating meat or drinking alcohol

Unsure about the alcohol part, that sounds a bit like the equivalent of an uppercut on your liver, but more meat? mega based. Also, why are you speaking in wrong english? It's "Doecher" not "german"! Shouldn't you be following your own rules?

The "Mighty Mo" is an *Iowa*-class battleship built for the United States Navy during World War II. She is particularly notable for being chosen by General Douglas MacArthur for the Japanese surrender ceremony at the end of the war. She earned three battle stars during World War II, gained another five during the Korean War, and then was decommissioned in 1955 for over 30 years before her refit and brief six-year recommissioning in 1986. She is now preserved as a museum ship.

1 of 4 students suspended from Imperial University of Hornislav for praising
serial killer Strahoslav Nesyrov and defaming victims

Oh, so 25% of university of the Imperial University of Hornislav have a terrible
opinion! They should definitely expel them instead of educating them

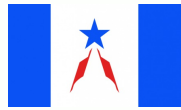

All jokes aside, that's not a good reason to get suspended in my opinion, at
least.
