From the large parties I'd have a good chance on voting for the Progressive Democratic Party or Social Democratic League. But the party I support the most are the Green-Socialists, so I'd vote for them from the minor parties.

Anatoliyanskiy is basically if Canada, Australia and Russia had a baby.

SDL, usually i go for the marxist parties but Nacrad's one seems a bit chauvinist/imperialist which is contrary to marxist beliefs, and i can't even imagine how that would end up, considering the actual govt. is already too chauvinist.

As a proud Greenie in real life, I would probably vote for this party.

This country does not follow my beliefs, but rather something I would find interesting.  
Political Compass: -5.75, -4.87  
Prorescia is a tourist friendly nation that has some of the most beautiful forests in the world. It controls a small part of current day Brazil about the size of French Guiana and is largely rural because of that with only 3 major cities, Santo Tablo, Pacifil, and Consanto Praia. The Government is Democratic and led by a Council who make most decisions. However, 5 democratically elected representatives can at any time call for a lack of faith vote which would impeach a current council member. The lack of faith vote is voted on by the populace which number in the thousands.

You could then either choose one of my smaller parties or something, and you could do something similar with Arvenia. Or you could wait until someone else posts.
