People are resources. Nothing more.

That while they're supposedly a monarchy, their "head of state" is "Dearest Lady Alice Robertson", which sounds more like a republican title.

That really sounds like a republican title? That's interesting, I always just pictured that as more of a royal thing, but eh-wouldn't be the first nation I made where a "monarchist" government had republican elements...or socialist ones.... //skip//

Well, Ministries. Ministries act merely as executive subgroups, and then below them you have the agencies. And then there are the NGOs, which are honestly too many to list.

Sorry for doing ya again, bruv, but I can't let this thread die.

Anyway, their largest city, Marcianus Capitis, holds 1.8 billion people; I doubt how they'd fit in such a confined space, but you do you. Also, the branches of their military aren't named conventionally, instead being the Crescent (Army), Galactic (Space Navy), and Lightning (Air Force) Forces.

Aschony was actually carved out of the merger of their world's equivalent of Frisia and Hanover, though ironically Hanover was a German vassal and Frisia a British one in their world.

They have their own WWII in their lore! Here's an excerpt of it I found interesting:

"The Prelude

While the Sino-Japanese war of 1935 had effectively found its result by 1938, the German Ostasien Protektorat (OTL Vietnam) had remained safe for the majority of the war, only seeing a mild refugee entrance from the Yunnan clique. By then, Japan had effectively kept the territories of most of The Fengtian Clique, The Ma Clique, and the entirety of China's eastern coasts under occupation for more than two years, and was successfully moving for Tibet and the Siamese Kingdom's territories as well, effectively turning the smaller-scale war into a full scale war for the domination of Asia itself. On the 10th of February 1938, The Emperor Hirohito declared the formation of "The Asian Sphere", and claimed the territories of "all Asia, to the borders of the sovereign states of Russia, Alash, and the Raj and the Calm Sea" as part of the Sphere's natural dominion. This was seen as a diplomatic insult by Germany, Britain, and an open declaration of war by Tibet, Siam, and India. President Karaulin Pavlovich (3rd term) of Russia openly supported the Japanese "plan for the unification of Asia", which quickly drove the Brotherhood to throw in their support for Japan as well. All countries threatened by the Japanese ambition were forced to militarize and fortify their borders, though the countries did not announce an alliance or coalition in order to defend against a Japanese Attack."
