Bjork-Desired Constellation

I know this album really well. My parents own it so I heard it a lot while growing up.

Bjork-Sun in my Mouth

Think I like this one BETTER than the first time I listened to it. I don't think it was the right kind of experimental Bjork for me at the time when I originally listened to it, because the album kinda bored me if I recall. And I'm enjoying it more even though I just almost fell asleep because I'm rather tired right now...
