Me and my nation's ideology is center left to center, so I'm not a huge fan of farther on each side. Mostly just the social issues from the left, and the economic issues for the right, but never too much of both. I picked which one

seemed to be the closest to the center for right /Stillme

**National Party, man you have a lot of parties to pick from.**

For the BN nation, since Sky Citadel isn't a democracy, I will instead list political powers that you could support.

**Monarchy**  
Obviously this represents Queen Elektra. They can be very physically brutal, but tend not to get as involved as some some the other parties in the daily lives of Hawk People. Also is the one currently in charge. (smaller scale but harsher crackdown)

**Noble Councils**  
They aren't AS brutal as the Monarchy itself. However, since there are far more of them, and simply due to their plans, they would intervene more into the daily lives of Hawk people. They aren't I charge now, but often control things the monarchy overlooks/doesn't care about.(larger scale, lighter crackdown)

### Racketeers

less a group and more just a term for lower level people with enough power to abuse the common citizens, they tend to be somehow more corrupt then even the Noble Councils. They include things such as tax collectors. A nation run by them would have no rock untuned for things to meddle with. (Huge scale, tickling crackdown).
