It doesn't seem too bad, so I'll say yes on it's own merits.

Just some sort of Creative Writing experiment, Not meant to be my political views.

NS Stats are used alongside factbooks.

Factbooks are often updated, most of them are eternally works in progress. I don't have fancy words for you.

**Would I want to live in Logikie?:**Sure, I guess.

**Reason:**Compared to other communist regimes they are suprisingly liberal(socially wise), to an extent, and as long as I'm not religious, then I would probably be okay in Logikie. In addition, they also seem quite safe there so that's also a bonus.

Absolutely NOT, I hate communism with a passion.

The Sith Empire is one of many Star Wars nations, it is based off the Sith Empire from the popular online RPG known as "Star Wars: The Old Republic", we are in no way connected to the Galactic Empire as seen in the original trilogy.

**We must also inform you that we do not use NS-Stats, as we are a spacefaring nation that rules part of a galaxy, those stats would not mesh together with our lore.**
