About 7 planets are under their occupation, 2 of which exist in our own solar system: Earth and Mars.

The other planets are Arduu, Cita, Miti, Nera, and Hadronis V.

A Quick Overview

A nation that rose from the ashes after the fallout from the nuclear holocaust nearly over 200 years ago. The current President of the Republic is a man named Ben Cole, who led a grand revolution against the tyrannical King of the Kingdom of Stan, whose whereabouts are unknown to the greater public. The citizenry of the Republic includes Ben's family (Emma, Victoria, Edward, Raiden, Chelsea, Winter, Piper) and other non-essential characters. Currently the nation has formed close ties with the Minutemen, Wisconsin, Minnesota, and the Windy Republic. However, the nation is cautious of the Brotherhood of Steel.

Genosha, a Parliamentary Republic in East Africa, is often referred to as the Singapore of Africa. I completely disavow my pre 2020 posts. This is a regular non mutant country removed from marvel, and is set in the HITMAN universe.

Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.

I have looked over it and compared translations and yeah yours is better and I will be changing it right away. Also, I decided to put it through google translate and it is one of the funniest things i have ever seen, it is "Matthew 16, General Scandinavia and Latin King of the Alps, the Germans Iberiae great leader, Burgundy colonies, Marquis crown, and the straightest and the whole world would not be a noble

Igarashi Eugenics refers to a number of Eugenics reforms implemented by the Pan-Asiatic Congress of Soviets. It covers such things as government-sponsored matchmaking, birth control policies, parental licensing and cloning programs designed to control overpopulation.

Which is pretty whack.
