Honestly I do this because even though my posts are much higher quality than most other people on f7, I still get shat on by people who write 6 sentences and 3 essays because I told them anime was overused once. I don't understand how I came to deserve such a treatment, especially during the times I was so new to the forum. I don't know how copy-pasting a cytus character's image with a couple of formats and 3 sentences is considered "high quality". Maybe I am stupid, and maybe I am a horrible person, but did I really deserve people calling me a paranoid jackass whenever 20 year old germany nation with 6-7 billion citizens whom I will not name starts posting after all my posts ruining my f7 experience? Just because I had "low effort shitposter" in my signature doesn't mean it was a legitimate queue to start harassing me behind my back. Maybe they should stop telling me to die on the "F7 discord" and touch some grass. Maybe they could even focus on people that are legitimately low-effort trolls instead of focusing on this 15 year old. Jesus Christ.

I'm sorry, I want to be nice but when I get treated like this it is very hard for me to have faith in humanity. Like how Azur Deutschland and I had an agreement to ignore each other but then proceeded to try and cancel me on that shitty discord with their other friends. I'm not trying to be rude or anything but is it really unreasonable to be angry at people who repeatedly insult me on the discord and proceed to ban me for no reason at all? Like I mean this is literally cyberbullying. I didn't even hate japanese cartoons before this, it's now ruined all anime for me, because of these few people who were shits to me. I now post relatively high-effort, but I can't help to stare in their direction whenever I see them say something hateful on the discord. Like bruh. Then I TGd Vaderland to stop insulting me and they thought I was asking for sympathy. I don't want sympathy. I do want to be on f7 normally.

perhaps writing two paragraph long tangents filled with (mostly false -- i don't recall anyone telling you to die, and azur left F7U and was not really influential in the server to begin with) lamentations over a text-based webgame and relatively low-effort discord server, all over a small relatively unrelated point i brought up, is not the best way to get people to let you "be on f7 normally"

Personally, I'd love to see more light explanation for magic and tech. 'S what I've done with my cryptids. Give the reader the info necessary to understand the concept and let their imagination do the rest, so they can engage with it more.

Most of the information in it was true. People telling me to die was false and was an exaggeration, but everything else was true.

i am the owner of the discord server you were talking about and i was also the person you quoted

i also don't know why you're bringing this up in the NS cliches thread as it does not really have much to do with NS cliches.

another admin banned you. if you want to make a ban appeal, the F7 Unofficial Server is not related to F7 beyond being composed of nations generally active on F7 -- please contact me via telegram or @Yawtu#4007 on discord if you wish to converse more, this is not really the appropriate place for you or me to be having this discussion and being slapped by the mods is not really high on my list of priorities

I'd RP on the NationStates forum and P2TM more. And write more walls of text/canonical dispatches.

In other words, I'd miss F7, but I'd survive.

That sounds less like an F7 problem, and more like a you problem not being able to get a drink of water at any time.

It is. Not enough people here drink a healthy supply of liquid nitrogen and it really shows in just how agitated everyone is. If people started drinking liquid nitrogen they would be literally chilled out, you know what I mean?

Either way, I am a major consumer of hydrogen peroxide. It's like water, but better.
