Monkey 3613 was a Soviet official who just happened to ever so slightly dislike Stalin...

One night in 1937, he was dragged away and shot by NKVD officers. The next day, all photos of him were either burned or doctored to remove all traces of him.

Monkey 3612 waged a one-man war on the USSR, to avenge his brother, monkey 3613. After killing 127.75 (one died 2 months after from his wounds) communist troops, he ate a rotten tomato and died of tuberculosis.
