Bavaria, Tennessee, Sicily, Montana and Bashkortostan have secured their status as independent states, but the subdivision wars are not over yet!

Inspired by the strive for independence that the nations above have made, Florida, Mississippi, British Columbia, Wales, Normandy, Kalmykia, Udmurtia, Adygea, Abkhazia and Rhode Island begin forming rebellions, mainly supported by the militaries of San Marino and Liechtenstein.

The Sinosphere defeats Dodoland, annexes the Himalayan states of India, divides the nation between them, Bangladesh and Pakistan, and balkanises them into Dravindia, Gujarat, Assam, Khalistan, Maratha Rep., and the rest into an Indian rump state, Madagascar is made into a puppet, although Mauritius and Reunion are annexed

To get more direct access into the Indian Ocean, the Sinosphere invades and divides Burma between them, Assam and Thailand, with Thailand gaining the panhandle, Assam gaining some western provinces and the Sinosphere the rest of Burma, in the process, the Adaman and Nicobar Islands are annexed as well

The Sinosphere decides to control an important trade route in the Strait of Singapore, so invades and defeats the Western part of Malaysia, Singapore, and Indonesia on Sumatra. Then they tax the butt outta it.

All remnants of the dodos are destroyed by the Sinosphere, giving the Sinosphere full influence on their former lands, Sri Lanka allies with the Sinosphere in order not to get annexed, the Maldives didn't and get annexed into the Sinosphere

btw Japan has been annexed, like the rest of East Asia, Russian Far East, Mauritius and Reunion, Adaman and Nicobar Islands, Vietnam, Burma (without the panhandle), the Himalayas, Altai, Tuva and Malaysia + Singapore and North Borneo and apparently now Sumatra

Their puppets: Cambodia, Dravindia, Gujarat, Assam, Khalistan, Maratha Rep. and an Indian rump state

Allies: Thailand (with Burmese panhandle, western Cambodia and Laos), Bangladesh with West Bengal, Sri Lanka and Pakistan

The Capuchin Polity, furious at the pirate invasion of what they see as their territory in the Asteroid belt, swiftly sends a strike group to the asteroid.

This conflict was an ideal place to test spaceborne ship-to-ship warfare techniques, as capuchin naval officers had been training in simulators for situations exactly like these. Fortunately, the capuchins' arduous preparations had paid off, as they thrashed the inexperienced pirates.

Soon after, a Capuchin marine squad sweeping out the pirate base found an alien artifact which, upon study back on Mars by the Catgirl Republic, turned out to be a gravitic field manipulator. This novel technology could allow for CCA ships to move orders of magnitude faster, and reverse-engineering of the device has begun in earnest.

(By the way, the Maldives, formerly Pirateville, has already been seized by the Capuchin Polity)

Bobland manages to get their islands back and make a strong defense including submarines. Unfortunately, these defenses were not very big due to a lack of resources and most of their resources were from other nations.

Um, Newfoundland was already independent as Basquenland and Labrador,

The Laotian Empire, with help from their old ally Greater Paraguay, declares independence, controlling Laos and Queensland. In other news, New Zealand and the Maldives have switched places, and that allows the Laotians to put a lot of pressure on the capuchin-occupied Maldives. In response to that, the SG Confederacy invites Vanuatu and the Easter Islands to join the Algerbil alliance. This move does not go down well with Paraguay, who claims the Easter Islands.
