Occultism

#### What if Eastern Rome survived?

**Basic Overview:** Basically an althist where Basil II actually has decent successors who build on his achievements, resulting in a STRONK ERE that beats back the Sejuks and eventually does it's own reconquesta in the Middle East. Also, The Crusades never happened, the Viking conquest of Britain succeeded, and the HRE became a centralized state and destroyed the Normans.

A place where everyone will be offended by a lot of things people say and do, every single day. Also, they're likely irreligious. Ninja'd.

AN: A place where no one seems to understand that one of the most important rules a good national flag needs to follow is that there should not be any words on it.
