Since those people have anime girls and whatnot on their flags, I decide to use him in my flag, and also, this is not Henry on my flag, it's Konrad. Plus, I love turbo-folk songs! TWI sucks.

9/10. Not going to make any assumptions about the above nation, but a red background with a white circle with a black logo inside has historically been bad. Also the symbol is a black bird of some sort. Very scary

Tired of having to say this: The Kingdom of Voidstania is not a kingdom. It is a communist dictatorship with a weak democratic senate under the guise of a monarchy. Normal country stuff.

Also, NS stats and policies are not canon (Because I have a tendency to click the wrong options and give myself dumb policies)
