A...A... Dragon? I must be seeing things surely. I'm quite sorry if i may have come off has rude and despicable. Your leader, Queen Ghidorah, seems powerful and strong, both mentally and physically. This is a rare character to find these days, and such a rare combination I must say. Your people must glad to have a leader like you. I bow down to you, for I can imagine if i did not i will be killed in an instant. May peace and wisdom be forever part of your reign.

The formerly wartorn nation keeps a facade of normalcy and order while enjoying the societal and cultural decadence that marks the new Roaring Twenties. The paranoid authoritarian government tries its best to uphold order in the face of uncertainty, while its people want nothing more than a breathing space. Leader - Asst. Prof. Dr. Adam Yanovich Dresvyanin

I don't think I have had the chance to meet this one before, though from what I have read of his current state, he is a... sentient nuclear mutant? I'm not sure what to really think of this. it is all good and well that he is still going but surely this is not good in terms of long term complications which would only get worse with age... this is exactly why I do not approve of anything nuclear related. still, maybe I could offer him help on that, if he so wishes to receive it... anyway, as an individual, he seems pretty pleasant. He's had some good education under his belt and attained plenty of high positions in Zitragrad. he is also a cat person along with his wife, which is quite adorable. I have big love for felines myself. his political views seem pretty sound as well... but despite all this, his overall life is a little bit depressing considering what he has been through, and i cant help but feel the need to offer help with trying to make it better in any way possible. but I wont press on such if he doesn't want it... Overall, my view on him is positive.

Oswald's Status: After learning a bit of history about Halloween and its origins, he is considering a ban on the celebration all over the Empire after the war.

"My last encounter with Sera was full of hostility but not without reason. And I admit, I did let my personal grudges out without any restraint. So, it seems there are several things that has changed with the Exarch that I am beginning to notice. First off, I do agree with her conception of marriage being a sacrosanct occasion, how I see a marriage conducted for two people should be one man and one woman, and truthfully, a marriage involving two persons of the same gender is something I am against. Continuing on, I suppose the Exarch still has her heart in the right place when it comes to showing compassion with her people, to let them have their freedoms, something they should enjoy."

Oswald's Status: Did he use quotation marks for emphasis?

"I have met my fair share of fools, even Pasca never stands out from among a barrel of fanatics and maniacs. People such as he are one in the same: having a veneer of power and influence in a prominent place, but even a person in such a prominent place can show little to no empathy for the majority of the human race, going so far as to call those he considers "the useless species". Such an expression is despicable along with that flawed thinking of his that, with his inventions, he will become the "God of the New World". But I must not ignore the fact that even fools can become dangerous when they assume power."

"Little Oswald already knows how little I hold him in regard. He sounds like a broken record; does he have to mention 'communists' and 'homosexuals' in every sentence lest he explode? Who would have thought a monarch's worst enemy would be the very freedom of the people? I literally call myself a dictator and even I can see that. I don't even think he rules himself, and that ancient religious book written by a fictional god rules for him. Frankly, the thing I dislike about him most is his arrogant, dismissive attitude; I would expect that from a child, but he is meant to be an emperor! He needs to grow up, realise that his word is not law despite however much he insists it is, and make way for the people who earned the right to be arrogant rather than having the right parents."

"A pair of children are running Germany? What a fucking insult to the motherland. Whatever that happened to Adolf-fucking-Hitler, they need to bring him back, not that the son of a bitch was any better than these cunt waffles of a leader. At least Germany would actually look threatening. You both disgust me and your existences alone give more than enough reasons to wipe you and your pathetic nation off the history."

*This is cult of personality, the day that you will be free is the day you'll never see,
What you do is my will what I want you all to be, my obedient tools in the hands of me.*

*Live inside my world no wrong or no right, only me and me alone whose statue burns bright,
I tell you what to do and I want you to fight, disobey MY words and you FACE MY MIGHT.*

"You look like a dollar-store toaster's been glued to your chin. Seriously though, you're just another warlord in the middle of gods know where and a sadistic one to boot. I don't have much sympathy for types like you. You have no real aspirations or believable ideology. You can't even discriminate people properly and no one even knows what you're going on about half of the time."

You're not a madman. You're just a delusional child who's watched one too many films with edgy social commentary. Take a hike and stay within your own sandbox until someone decides to tear you up and give you a new one. You're not worth this many words anyways and yet I was gracious enough to comment about how much of a brute you are. I'll give you 5 years until you get replaced by another warlord.."
