"I don't need you and your sympathy. I do not need anything at all from you, in fact. A "regime" ran with pacifism in mind? You have all these powers to rule mongrels and beyond and you waste your time filling out documents just to have peace, which is a foolish concept ran by degenerates to justify their weakness in this world.

How you managed to reach this point is beyond me. So many cards in your hands and you burned it all for your stupidity. Fuck you and your 'bloodshade'. You don't deserve that name."

"An aristocrat, a monopolist and a politician? Looks like I just won ruling class bingo! Anyway, it shouldn't be all that surprising that my opinion of him isn't all that high. Just looking at his political views he seems to be quite the proponent of unjust hierarchies, what with the monarchism and capitalism, despite his claims to uphold freedom and liberty. Still, there are much worse people out there, so I suppose I must give him props for being against slavery and absolute monarchies. I also have a degree of respect for his combat experience, it is not often that the rulers are willing to put themselves in harms way. Still, on the whole I disapprove."

I mean, you've delved into the toughest field in history, medicine. I can't tell you just how much respect I have for a fellow graduate in the field of medicine. Of course, I wouldn't measure up to you. I'm just a humble nurse compared to you. Still, we're all in this together. Nurses on the frontline while the doctors pull the strings. All that just so we can make sure people live their best lives, free of suffering. You certainly know that as well as I do.

You're a smart lady and you're not afraid to show your softer side...I like that. I like that a lot, doc. To be honest, comparing you to your tribesmen is a low bar to begin with so don't treat what I said as a compliment. Still, you can live with the fact that you're a tier above the rest of your fellow tribesmen. That's the only compliment I'll lend to you."

Then again, it does seem that you haven't entered existence through natural means.

Look, we can talk all day about how sweet it is that you want to save your people how you good you for being there tough mama bear but frankly, I'm more interested in the way you've developed or inherited such power. You're practically a walking wellspring of energy and yet you're just so awfully disappointing. If I was you, I'd make the entire universe into some servitor empire of mine, where no one has to worry about their wants or needs. Does that idea not sound tempting to you? All that says about you to me at least is that you're a very hesitant woman. A shame. Truly. I'm not saying you should go around killing people. "They sure know how to make money, but they have the wrong mentality. Instead of making money work for the people, they make people work for the money."

"Yet another kid taking the throne. At least this one knows how to run it right. Being handled the responsibilities at such a young age, and yet emerging strong tells me one thing: this boy is more capable than your average 'leadership'. Definitely a threat if left alone for too long."

(since there's no page about the leader himself, I'll just go with what the nation has to offer and his implied actions)

"Money, always about this money, this man is. I'm looking forward to see the day where those 'money' does nothing to save you."

- Smith "The Russian Terror" Brownell

***This is cult of personality, the day that you will be free is the day you'll never see,
What you do is my will what I want you all to be, my obedient tools in the hands of me.***

***Live inside my world no wrong or no right, only me and me alone
whose statue burns bright,
I tell you what to do and I want you to fight, disobey MY words and you FACE MY MIGHT.***

"A man whose sole claim to power is based on lineage makes light of another fellow whose claim to power is something equally as meaningful, which is to say 'not very'. Is that irony or hypocrisy? Granses is better at the language stuff than I am. But... um... yeah... I'm not a violent man, but this guy makes me want to punch things with a fury that I frankly find uncomfortable in regards to how little a problem I have with the idea. I need a pumpkin brownie, those always help my mood." -Cala Windham Hawkeye

Fuck, double ninja'd...

AN: "Ow! Reading that profile was like a dozen papercuts across my eyeballs! How did Granses put it? 'Total Edgelord'? Seven curses to the wind, all the stories where the main character's parents die are supposed to inspire the character to heroism or moody vengeance! This guy, he just took it as an excuse to be a shithhead. 'Might makes right' my ass!" -[Cala Windham Hawkeye](#)

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.

"Hawkeye seems to possess a great aptitude for science and the progression of mankind, I believe if my father were not stuck on the Golden Throne that they would work greatly together. I also like his pro stance on meritocracy, I too believe that positions of power should only be given to those

who are the most qualified, that was how I ran Ultramar before I became one of my father's Primarchs, my home system is still ran today by that very same system, although it swears more loyalty to the Imperium than to me now. Overall, I can surely say that Hawkeye is a unique person and a model for humans alike to follow, he shows great leadership qualities and is considered a father figure among his people."-Roboute Guilliman, Lord Commander of the Imperium

"The Emperor Protects!"-Common Imperial saying

The Great Imperium of Man is a Warhammer 40k themed nation based on the human faction of the game. Though we're inspired by the Imperium of Man from the lore, I've taken certain liberties to make my nation unique from other 40k nations.

Please refer to our factbooks for NS-Stats, we don't use the official ones.

"I'm not sure how I feel about this 'God-Emperor of Humanity' He seems to care about his people since he's been fighting chaos. However, the fact that he requires human sacrifices to keep his mind and psychic powers sustained is quite disturbing. As of right now my opinion on him is mostly neutral."-Prime Minister Amelia Larson
