What is even going here? Also, its surprise not surprize. The latter makes it sound like they're gifting someone a new toy rather than what you intended. Which is brutal murder.

Ah, the corporation! Lovely ain't it! A inherently autocratic organization blindly worshipped by nimwits worldwide as a force of freedom. Somehow not understanding it merely heralds the return of statist control under a different name. Ejya might not have much loyalty to it, but an opportunity to get on top is always welcome and to do it under the 'guise' of upholding liberty makes it all the more sweeter.

KINGDOM OF NAPLES | REGNO E NAPULE ***Onore et Fedelta Senza Macchia***

The Kingdom of Naples has long since been a player in European politics, developing as a maritime and commercial hub in the southern part of the Italian Peninsula under Spanish rule. This peace and prosperity was finally disrupted when the French invaded, establishing the Parthenopean Republic, and soon being thrown out by native Neapolitans. But a decade later the French returned and installed their own monarchy, now with a faithful ally in the southern Italian peninsula, they can turn elsewhere.
