"God-forsaken Willy? Oh, that's Shawn's specialization, not mine. As for me being on "black and orange" site... How did she know that if she is so pure? Well, I guess Lakan intel services are very thorough. After all, they are supposed to be in a rather authoritarian state. Yeah, we are lil' bit wild dudes... so what? Being too civilized is stiffling and one really needs to unwind. If she had to be born through artificial womb, because her mama and papa didn't have time for... more conventional means of continuing the bloodline, I imagine, that being royal in Laka is a special level of hell. I also wonder, what does it feel like to be trained for ruling from the birth? I wanna imagine a Disney style drill camp for princesses with a drill sergeant fairy for shit n' giggles, but I guess, far from the truth. But funny. But that service in MP is something not funny. Cuz, ya' know, being involved with a unit, that commits warcrimes. Either way, I'll just wait and learn a bit more."-[Overboss Liam Navarro](#)

He seems to have had a very wild life, and that reflects on him to this day. I admire how he fought for his position, though I do really dislike rumors such as his acquiring of certain illicit images, but since they are just rumors I will be fair and treat them as such. I also admire his effort to preserve their culture, not many of the liberal nations would do such a thing. And in appearance he looks fine for a human, a bit maimed however, his height is also quite impressive. As for his dislike of formal attire, I can't really complain, human attire never fits over the wings, and most of our men only wear enough to cover the vitas plus some extra straps anyway. However, I would say our biggest difference is when it comes to our politics. I am a absolute monarch, and this human seem quite

"We-hee-hee-hell now... this hawk-lady has some novelty, but when I look closer at her overall personality and positions I do not think that I could ever find someone that I would hate more. She functionally beats any who oppose her to death, and for ruling a flying castle that has a sex change beam she could not be more stuck in the mud than she is right now. Congratulations, Queen Bitch of the Skies! Even the edgiest of Sith Edgelords cannot hold a candle before your pure and unadulterated mindless wrath. May angels sing and church bells ring when the hour of your departure from this mortal coil transpires, and may those currently under your thrall breathe a collective sigh of relief and a whisper of thanks to the knife that does the deed. Your people can do so much better than you, and they are very much encouraged to do so."

Mother of Christ, yer' one hell of a man! Like, are you even a man... Partially? Theoretically? You are not biologically or physically a human, are you?... God I wish I didn't skip classes back when they were teaching us The Theology of Long for then I could understand what actually you are... Probably... I mean I am a mere military policewoman of a very noble birth- and you are a being with a near godlike powers, how the bloody madness am I expected to comprehend what you are? I would not even try to understand your political beliefs because you probably can think on 17 plains of existence above and ahead of me and stuff, but let me tell you one thing for sure, sire- you scare me out of me wits! If I were to follow regulations I would probably attempt to arrest you- but unlike my mom I'm not that stupid so... Please do whatever godlike things do but please do not break the regulations! Please, I've tried to maintain them so good and we are nearly at the passing grade to receive a unit commendation please!

"I've had my eyes on you princess! Not out of attraction but more out of interest. I've seen you around alot more and it's made me curious as in the vast multiverse you are in, I've seen your face more and more.

Perhaps I'm here to show you that there is more horror out in the stars than some smooth talking Kal, but he can get pretty creepy as well.

But yes, I do hope you are learning well. Your mother is a force of nature, at times I even question if I could take her on!

And sure while you are not born of her flesh you follow her steps, so try to stand bold as the one you take after.

I'm sure you have already managed such feats. I fiddled around battlefields at a few years younger than you. But I never in a million years imagined being in a place where I had to lead. I'm sure it feels strange, especially as a princess. You have so much people to look after, do many souls hanging onto you, do treat them well.

Your nation is one of warriors. I know you have a warriors heart and mind."-

I guess you are a queen in a society that allows people to challenge you to a duel for your throne, so there's kind of a lot of pressure to protect yourself through violence. So I guess I'm torn on you. There's part of me that feels bad, because it would be so awful to have a sibling try to kill me. And there's part of me that's really shocked, because you're also a participant in that violence. I hope that makes sense."

"It seems the trend continues, although this time the peculiarity is of a less mystical nature. I did not expect to have to provide a review of the leadership of a classroom of high schoolers, but I must say that I am most impressed by what President Engelford has been able to achieve in spite of his youth. His commitment to revolution and knowledge of revolutionary theory surpasses my own at that age, and it seems that he is already getting quite a bit of experience with praxis to boot."

"Still, it would not be fair if I did not also provide some critique. My chief concern is that he is in some ways overly eager, devouring all manner of works both good and bad, and has subsequently made a number of practical and theoretical errors. Chief amongst the latter is his acceptance of anarchist writers such as Bakunin and Chomsky, who lack in materialist analysis and ultimately put forward petit-bourgeois concepts that are actively harmful to the proletarian revolution. The faults in his praxis would seem to stem from these theoretical flaws. Direct democracy does not serve the interests of the revolution, particularly when counterrevolutionary elements retain significant influence. Likewise, the formation of a united front with non-proletarian elements is a recipe for disaster, as they will not cease in their efforts to undermine the revolutionary project."

"Ultimately, I suspect that President Engelford's efforts are doomed in the long run. Not only has he not been able to secure the proletarian dictatorship, he has entered into coalition with openly anti-proletarian elements who will not allow him to succeed. Adding to that, a classroom does not seem like the best place to establish a socialist society regardless, given the lack of resources. Still, I hope that he is able to learn from this experience, and will have another opportunity to engage in a more successful, larger-scale revolution in the future."

"Hmm...I'll be very direct with you, Ms. Ortiz, as I'm not sure if a prolonged review would fly into an ear of yours and leave the other one. Frankly, I've been given the impression that you little more than a 167 centimeter tall *chihuhua* that needed to be locked up instead of being put in a podium; but I'm certain that your countrymen either deserve you for allowing you to call the shots as president or they deserve to be locked up with you too.

On the other hand, maybe your and your

nation's woeful circumstance is a bit understandable considering that your predecessors blew up the world. Ah, those gorillas in government don't ever change, too myopic to understand the banality of their existence and their silly little flags and songs and ideologies even when it's better to simply not act. But unfortunately, you're going down that path too. That's the thing about demagogues, they eventually come to believe in their own silly little world pantomime.

You know what? You've reminded me why I hate politics: it's all about lying to others and lying to yourself, that is why I'm more of a numbers person. Numbers don't lie, numbers are what they are and my organization's teamwork is built on what the numbers say. Teamwork, eh, like baseball, yes? I may be the manager, but I need my coaches to make things run smoothly to make sure every individual player is giving it all they got for a winning mach according to the situation. The problem here is that you're not doing that, you want to be the manager and the whole team. Sure, your decision-making processes are quick, but can you really pull off a task that may need multiple points-of-view? No, I don't think so. Not unless that liquor of yours is magical.

So, I hope that Schloss fellow is putting more thought into policies that'd actually give you more standing among your peers, there is only so much that guns can do before the other guys point back or gang up to shoot you. I don't know...useful

things...like means of securely financing those public services you use as bread and circus or industries that can make you gain leverage of your geopolitical rivals. But wait, that would mean thinking about solutions that don't immediately lead to violence or the threat of it, now wouldn't they? I sure do hope you can take a day off or two for therapy, it might make you expiate things from your childhood...or at least it'd give Schloss more shots than you.

After rigorous debate and collaboration, the council has decided, despite entirely universal distaste and general ridicule of the petulant child of a 'Leader' placed before us, that our High Elder, Janius Siltanus, shall make a personal dossier. Though we struggle to call this creature a sentient, with their lack of common sense or even simple education, it was her choice to address them directly.

-[The UCBR High Council](#)

What is to be said about a simple infant masquerading as a national leader? What is to be said about a murderous woman of clear mental deficit? What is to be said of a land who rallies around a swordsman like flies around shit. Well, one simple thing. I pity you. I pity the despair that must come from being so painfully inadequate at simple leadership, simple guidance, simple education, that you lash out like a spoiled child, covered in your own spewed waste. I pity the disgusting mug you wear in a desperate attempt to appear honorable, powerful... Edgy, as my younger contemporaries might claim. And I pity whatever children you must desperately seek to bare, to demand only those who may love you can love at all. But I'm sorry, does your 'short attention span' prevent you

from recognizing the fact you are a disgusting slug sitting at the table for eagles? A maimed crone desperately trying to tug herself onto a warhorse to ride out with the knights? A little façade of terror and fear without any of the actual intelligence that makes a leader truly scary? Or are you simply a bird who thinks all there is to life is slaughtering and maiming?

Because my kind has killed insolent little birds before.

I have come close to killing them personally.

And the boot of progress has no time for a puny jackdaw clawing at relevancy and power. But does that offend you? Do you intend to claw up and beg for me to face you in the ring, to let you restore your honor that you cling to like a baby reaching for their pacifier? Or can your people really sit down and recognize the horror of war. Sit down and feel the terror of houses being bombed. Seeing your children torn in half by metal beasts with claws of fire. Soldiers putting down brothers and sisters because of arbitrary lines. Feeling your own blood curdle on the back of your neck from the gas you've just choked down. But of course not, as a 'warrior race' of 'wonderous hawks' could never fight in a true battle. Which is why they must cling to backwards sociality, cling to honor and lack of knowledge. Because their façade collapses when the adults begin to clean up the toys.

The universe would be a better place if you plunged your own weapon deep into your throat. Consider it, or at the very least prove yourself as more intelligent than a toddler before you try to speak on the actual leaders.

Lissy: Her realm is built on the backs of slaves, and not even in the fun way. Ugh.

Hilda: And Elektra's a stripper name.

Lissy: Hey, that's a valid field of work.

Hilda: Yeah, I know that. But I'm willing to guess Elektra doesn't.

Lissy: Well, let's be sure to not go there again.

Hilda: Agreed. That was a nightmare....

Edit: Ninja'd

Edit 2:

Lissy: Hilda, HildaHildaHilda. You gotta see this!

Hilda: Uh. Yeah?

Lissy: This is the first I heard about this nation. But you're not gonna believe it! Communist. Bunny. People.

Hilda: Okay, show me...ah, that's their leader? Sildarus?

Lissy: Yeesssss! Oh my Us they're so cute!

Hilda: So...what kinda leader are they?

Lissy: A cute one!

Hilda: I'll add "cute" to our list of outside government forms. Er...Del will do it. Y'know what I mean.

Lissy: Oh, Sildarus definitely hates our guts. Very VERY anti-monarchy or anything like that.

Hilda: We can't be a monarchy if there's two of us.

Lissy: I'm sure the opinion on immortal god-rulers is similar, Hilda.

Hilda: Wait...show me that dossier you were reading.

Lissy: Sure thing!

Hilda: Um. Liss. I think you got the wrong bunny.

Lissy: What do you mean...oh. Wow, okay, I can't read. I guess we are technically high school dropouts but, uh...so this Janius lady is the one in charge? Interesting stuff. She's an artist, ah, trans, too! Good for her. She probably still hates us, though.

Hilda: Oh no, I hope the cuddly bunnies spare us their righteous fury.

Edit The Third: I covered the wrong character. My bad, I took the character who was in the factbook.

Edit The Fourth: The correct factbook was right there, turns out. I better go to bed..

Edit 5: I'm making some small effort to fix it because I am apparently allergic to sleep

For the relevant F7 threads, the girl on the left is Hilda, and the one on the right is Melissa (Lissy).

A religious savage who just so happens to be a "Hawk person"? Seems like this world she lives in is something based off of greek paganism. She does indeed have some positives, like how she opposes secularism. However she is no better than your average pagan ruler, she killed her sister in a death match where spikes came out of the ground. Not even honorable of her peoples, and then she rules her people with an iron fist. At first glance, I would have thought she was the chieftan of a ruthless warrior tribe that would make good mercenaries had I not seen the "Queen" title she had.

So In summary, She is your average 300 AD pagan ruler just with golden wings and a good figure.

- Adam Gregory giving Canary his opinion on the ruler of "Sky citadel"

And I was somehow Ninjaed twice....

[Editing]

It seems this nation is run by some sort of Sailor moon characters/ "something out of the telling a gruesome story" type people I do not usually enjoy speaking about it but since my original reponse slot was taken by these two I shall give my two cents.

Honestly I do not find good or bad between these two, they seem like characters out of a "She can beat goku" tiktok from 16 centuries ago. The info given is limited but can be summed up as.

"They once were apart of a military organization attempting to ward off those who wanted to hurt them, Then they gained the posistion and powers of dieties after some sort of event and now rule their people with semi-benovlence "

They also seem to have space/time themed powers like Whis from "Dragon Ball Z" Super or Dialga and Palkia from "Pokemon Diamond and Pearl" Which is an upgrade from my previous statement.

I find nothing else to say about them. My mind cannot produce more, which is unfortunate as I feel like there is alot more to them than what I saw.

I finished my post and saw a post in progress that hadn't been there, so I panicked and grabbed at random from their factbook, lol. And THEN when I finished the second response there was someone in front of me. Who'd also done a write up for yours. So mass confusion and three posts of Elektra

Yeah, this is why I always IMMEDIATELY say [reserved] for any long posts like this kind, where I need actual effort, such as a read factbook, or write a character reacting. Unless it's super dead and many pages back, and even then I might, because in this specific thread people can react even when I'm working, so it acts like a bump.

he has toned that down, it still feels like that could be a slippery slope down to forming emotions that could erupt brutally on the people. Another thing is that he is indirectly responsible for the meaningless deaths of thirty million because he didn't want to put an end to a pointless civil war.

Look, I can't pretend like I'm a complete bundle of sunshine who has done no wrong. I have participated in a war. I have killed. I have done a lot wrong, but... just... I like to think I'm doing right with Azur Deutschland...

Reading this feels like this Gregory has given up. He has given up trying to build up a proud, humble nation. Instead, letting it fester into something that might implode on its own or explode and lash out at others.

It's something that I hope to avoid with my Fatherland."

"Twin's past... They lost their home and parents. All they had was each other. And they have showed an appetite, that carried them through the war and so, they now stand together as inseparable being, who sworn, that never again, they will let themselves lose the family. Story resonates within me, because reminds me of our history... When Edgar's regiem came, they took our homes and killed our parent culture. During and after the revolution, we were just lots of factions, who only had eachother to rely on. And their conviction had carried us though the revolution.

Sylvia and Julianne had no restraint in war agaisnt USSR, huh? And yet they showed mercy to the common man. Yeah, and after the war, they have decided, that nazism is a big no-no, and purged the Nazi, makin' something more sensible, so no, I won't call them "Nazi" after what they did to that bunch of National Socialist Party cabrones. Well, I like that, cuz I am personally a "Bash da' fash" guy. That's one of the core values of being a Sky Reaver. These two are rather... right wing as far as I can guess, so I belive, it's possible, that they might react to us in a not too favorable way. Still... I'll wait for their reaction and judgenemt of us, before I make up my mind on Azur Deutschland, like... if we can conduct some relations, or not. War is unlikely, they don't wanna war." - [Overboss Liam Navarro](#)
